DEPARTMENT FOR CONTINUING EDUCATION

UNIVERSITY OF OXFORD

Our Global Surgery short course explores the critical challenges facing those working towards universal access to safe, affordable surgical and anaesthesia care. This five-day intensive programme will be delivered by internationally renowned experts covering the following themes:

- Lancet Commission on Global Surgery – indicators of surgical need and activity
- Equipping the surgical workforce
- Challenges to the effective delivery of surgical care
- Research and training opportunities
- Developing cooperative partnerships
- Preparation for global surgery

The course includes free entry to the Global Anaesthesia, Surgery and Obstetric Collaboration (GASOC) national conference on 14 September. Bursaries available.

Venue: Green Templeton College, Oxford

The course is run by the Oxford University Global Surgery Group (www.globalsurgery.ox.ac.uk) which is linked to the four surgically related departments:
