

**Support Lifebox
in **The Big Give Christmas Challenge 2019**
and help us provide surgical headlamps,
anaesthesia monitoring and training
to **Liberian hospitals**.**

Following a long civil war and the devastating Ebola crisis, Liberian hospitals continue to struggle to provide safe surgery for patients needing even the most everyday operations, such as C-sections. Due to persistent power cuts, surgeons are frequently forced to operate with poor lighting, sometimes using just a mobile phone light to deliver a baby. Many theatres do not have basic equipment to monitor patients, and do not use a standard surgical checklist which is proven to reduce mortality.

**We're now collecting pledges for this year's Big Give campaign.
To sign up to support us with a pledge (£100 min.),
please go to
<https://bit.ly/32M5UKQ>**

Pledges are match funds which are used to double donations made to our online giving platform during the first week of December. The pledges themselves must be paid in during the first two weeks of January 2020.

Deadline to submit your pledge: 30 August 2019
